

Welcome to Lee Virtual School!

On behalf of our great team, thank you for choosing LVS.

On the evening of Wednesday, January 5, 2022, you and your student received email communication with instructions to access your LVS account login.

This second email is intended to give students, parents, and learning guides a smooth technical and academic beginning to your online learning experience for the semester. It is extremely important for you to review these instructions carefully and complete these steps to obtain the necessary LVS materials including Chromebook (with charger and case), and Elementary Workbook Packet (grades K - 5).

You can expect another email on Friday, January 7, 2022, regarding the First Days Symposium (events) for January 12-14th. The symposium is a week-long training to ensure that you, your student, and learning guides are able to productively work and achieve independent academic success.
