Take Stock in Children Potential Scholars:

Students who hope to be accepted into the program must complete the online digital application at TakeStockLee.AwardSpring.com.

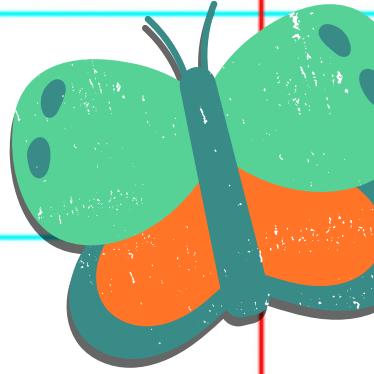

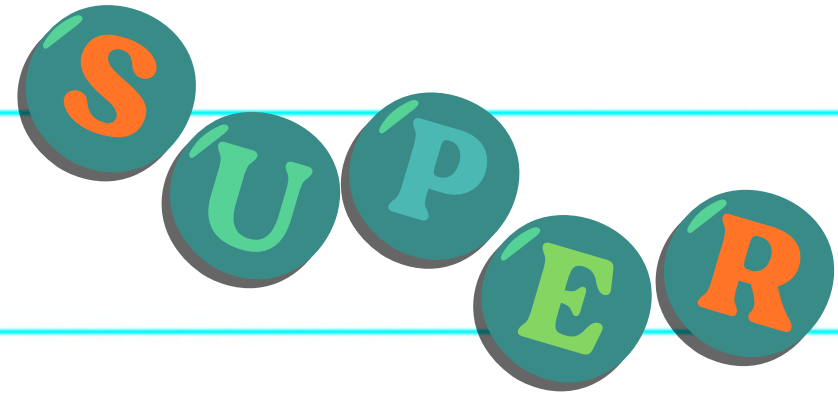

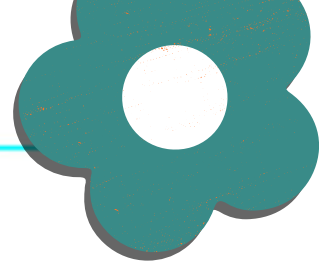

This includes ensuring that all required documentation is attached to the application when submitted. After completing the application all students who qualify and get selected will complete an interview and then be reviewed to be accepted* into the program. Once accepted, the students will have the ability to earn a 120 credit hour tuition scholarship.

*NOT ALL THAT APPLY AND INTERVIEW GET ACCEPTED

Who can help assist you?

School Counselors Coordinators

School coordinators/counselors work with our staff to ensure all records are up to date; including behavior notices, discipline issues, grades, and attendance changes.

Organize and help the application process for your school. This means sharing the link and checking in with students who are applying to make sure they have all the required information.

When can students apply?

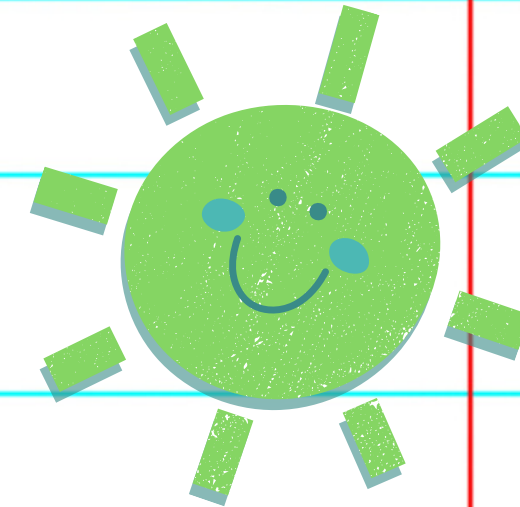

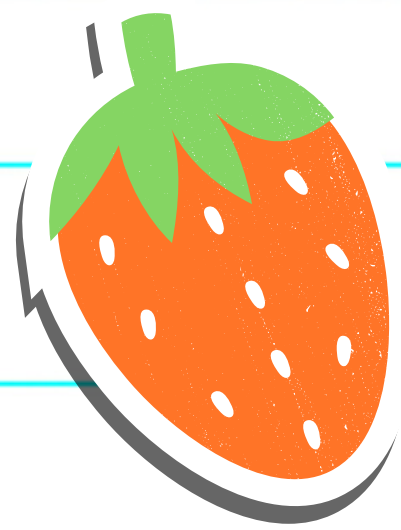

Potential Take Stock scholars can apply in 6th grade and in 9th grade ONLY, starting on August 10, 2022 and ending on October 26, 2022.

If they apply and are not accepted in the 6th grade, they CAN re-apply in 9th grade.

Unfortunately, if they are not accepted in the 9th grade they will not have another opportunity to apply to the program.

COOL

How does the application process work?

1

Students must complete the digital application. We are using AwardSpring digital system this year for all new scholar applications and documentation.

2

Once students complete the application, we process it to be sure they have all of the required information. If they are missing documentation we will notify them so they have an opportunity to turn all required documents in, unless it is past the deadline. We then take the completed applications and submit them to a panel for blind scoring.

3

Students who score within the threshold will be invited to interview for one of the scholarships. We will schedule interviews once we get the rankings back. We make our final decision based on interview scores along with scores from the panel. All decisions are made by the entire team and will be a group decision.

FAQS

The whole county receives free lunch, what type of documentation is needed to verify income eligibility utilizing the Free/Reduced Lunch Standard?

- Tax Return Form 1040 should be utilized to determine if a student applicant financially qualifies for the TSIC program.
- The student applicant must be claimed as a dependent on the tax return provided to verify income eligibility.
- The total number of dependents listed on the tax return provided should be used to verify income eligibility.
- The tax form 1040 should be from 2021.

What to do if the parents do not file taxes?
What documents can be used to verify a student's eligibility in this situation?

Proof of Government Services

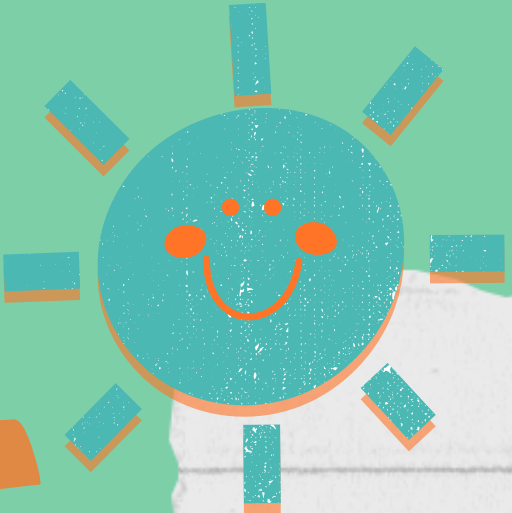

Income eligibility can be verified by providing the following government aid organizations that the student/family is receiving.
